Independent for Brunswick

Good policy costs less.

Address the debt
Reduce the debt, protecting the economy and the most vulnerable.

Energy
Keep the lights on: fund the grid we need as coal closes, and back affected workers.

Environment
More biodiversity, urban greening and weed control.

Education and skills
Less red tape, funding that lifts learning, and TAFE and uni joined up.

Health
Reform healthcare funding and cost-shifting to cut costs and improve services.

Public transport, publicly owned
Let private contracts expire. No payouts.

Smarter community safety
Evidence over headlines: bail and youth justice reform that works.

Housing
Save public housing, reform stamp duty and property taxes, and fund infrastructure before growth.

Transparent government
Open planning, open spending, straight answers.
